<p>Building and Linking Roots Project 2021-1-IT03-KA220-000028665</p>
<p>Introduction</p> <p>The visits to important monuments and/or museums help us to connect emotionally with our cultural roots and traditions. Monuments serve as symbols of cultural identity and provide guidance for future generations. These remind us of our rich cultural past and serve as a national treasure and source of civilizational pride.</p> <p>https://bit.ly/3U5fMfB</p> <p>Museums preserve and exhibit important cultural, artistic, historical or scientific artifacts. While these exhibitions offer informative and visual discoveries, there are many benefits to visiting these institutions. In short, museums help to educate, inspire and connect communities.</p> <p>https://www.aerospaceutah.org/what-are-the-benefits-of-visiting-a-museum/</p>
<p>Workshop name</p> <p>'Visits to important monuments and museums' of Harghita County, Romania: “How to guide a tour to a monument and/or a museum.”</p>
<p>Topic of the workshop</p> <p>Visits to important monuments and museums in the participating countries.</p>
<p>What type of activity will be developed</p> <p>What is included in the workshop:</p> <ul style="list-style-type: none"> ● a guided tour for young people to an important monument/museum ● Q/A session for the young participants
<p>What skills will be worked on</p> <ul style="list-style-type: none"> ● Communication skills ● Performance skills ● Understanding of historical and cultural dimensions of a visited place ● Self-confidence and self-esteem ● Social skills, sense of community, cultural sensitivity ● Open-mindedness ● Determination ● Creativity ● Flexibility
<p>What outcome we expect</p>

During the tour the participants will have the opportunity to learn more about their own culture in an open and inclusive community, where they can get detailed information about a visited place and they get answers to their questions. During the workshop, the young participants will learn how to present a monument, how to convey information in a way that makes it interesting and lasting.

We expect the improvement of the above-mentioned skills. It is also important that **the teams created to be well coordinated and to transfer the acquired knowledge to the members of their environment**. The given tools can be used in the future for creating similar workshops.

Duration of the workshop

2-3 hours

Materials to be used

- Portable microphone and speaker system
- Map and navigation tools
- First aid kit
- Weather-appropriate gear
- Educational materials
- Tablet or smartphone for presentations
- Camera or smartphone for photos
